

SEED & INSPIRE SCHOLARSHIPS

Think you can't afford college? Think again!

Did you know that the State of Delaware offers tuition-free or significantly reduced tuition to UD, DSU and Delaware Tech?

You may qualify for the SEED or Inspire Scholarship if you live in Delaware and graduate from a Delaware high school.

You must start college in the fall following graduation to be eligible.

SEED: You need at least a 2.5 GPA (80%) and can attend college tuition-free at Delaware Technical Community College or the University of Delaware's Associate in Arts program for up to six semesters.

INSPIRE: You need at least a 2.75 (80%) and can receive approximately \$3,900 per year toward tuition at Delaware State University for up to eight semesters.

Students still need to satisfy admission and financial aid requirements as determined by the school.
